QD-S800E Universal satellite remote

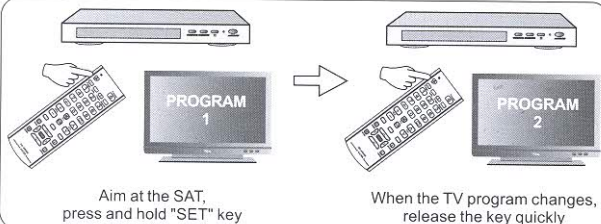

Product introduction

QD-S800E is our company's latest product for satellite. It has big volume, low power, fully function, beautiful shape and good quality. It can control most satellite home and abroad. It is the best choice for you to pursue remote control for satellite.

How to use

1. Generally, insert two AAA(UM-4, AAA, R03) batteries, then it is ok.
2. Unusually, if it has no effect to your satellite, please operate it as below:

Open the satellite and TV → aim at the SAT, press and hold "SET" key → when TV program changes, release the key quickly. Check whether operation of other keys is at normal state. If so, your setting is successfully accomplished.

Note:

At normal state, it needs no setting. When you need use "one-key setting", please release the "SET" key as quick as the channel changes. If not, you may miss it and should search again.
